

# Tantus guest printing will make you stand out...

...without giving you a headache or breaking the bank.

## Features of Tantus Guest Printing

- **Flexible Printing Options**

Web-based printing ::

*Guests can surf to your location's branded specific print URL and upload their documents to print at the printer*

Mobile/email printing ::

*Your location will have its own email address to which guests can forward their documents and attachments. They are emailed back with a release code.*

Driver based printing ::

*Guests have the option of downloading software that allows them to print anywhere at the click of a button*

- **Security**

*All data is secure through SSL encryption*

- **Printer Agnostic**

*Will work with nearly all printers*

- **Give away free or bill guests**

*Will work with nearly all printers*
